Announcement for the 8th International Conference on Children's Health and the Environment

We are writing to request your participation of the 8th International Conference on Children's Health and the Environment, to be held 14-16 September 2016 in Barcelona, Spain. The conference has the following objectives:

- to provide an international forum for the latest research findings in children’s environmental health
- to define the relationship between environmental contaminants and children's health
- to strengthen the importance of prenatal exposure to environmental factors on pregnancy outcome and children’s health
- to identify opportunities to minimize childhood prenatal and postnatal exposure to environmental contaminants
- to provide insight in the activities in the field of science and policy interface
- to build a platform of knowledge at an international level
- to develop a greater awareness among health professionals about children's health and the environment; and
- to initiate future directions in research in the field of children's environmental health.

The call for abstracts, including a list of topics, is on the website: https://www.activacongresos.com/forms/abstractinchesbcn2016/.
You may request to be contacted personally and to be send the abstract form and registration form if you received this announcement via another way than your own email address.
Send an email to: info@inchesnetwork.net or joan.grimalt@idaea.csic.es.

The registration of the conference can be found on: https://www.activacongresos.com/forms/inchesbcn2016/

Yours sincerely,

Peter van den Hazel, MD, MPH, - President, INCHES
Joan Grimalt, MD, MPH, Chair of the Organizing Committee
Stephan Boese/O’Reilly, MD, Ph.D, secretary INCHES
